EXPERINCE

Frontend Engineer
Shopx

📅 February 2023 – june 2024   📍 New cairo

- contributed to the development of a multivendor e-commerce platform. I focused on building a responsive and user-friendly interface using Reactjs, Nextjs.enhancing the user experience for both vendors and customers. My role involved implementing key features, optimizing performance, and ensuring cross-browser compatibility.

PROJECTS

Lohanza
ReactJs, Redux toolkit, React router dom, Formik+yup, Material ui, Stripe

📅 February 2023

- Multivendor Global e-commerce
- Developed responsive and user-friendly interfaces using Reactjs, enhancing the shopping experience for customers.
- Implemented key features such as store/product creation, vendor dashboard, order management, and local/global payment gateway.
- Optimized performance and ensured cross-browser compatibility.
- Collaborated with designers and backend developers to integrate frontend components seamlessly.

Lohanza admin dashboard
ReactJs, React router dom, Typescript, Material ui

📅 june 2023

- Mega satisfying admin dashboard.
- Where admin can manage Orders, Shipments, Shipping services, Payments, Packages, Stores, Categories, users, etc.

Lohanza courier dashboard
ReactJs, Redux, Typescript, React router dom, Material ui

📅 October 2023

- where couriers can manage their packages, delivery and provide a real-time tracking.

Lohanza v2 (in development)
Nextjs, ReactJs, Typescript, Zustnad, Shadcn ui, tailwindcss, Recharts, Turborepo

📅 Januray 2024

- Developed and maintained separate buyer and seller applications within a monorepo architecture, ensuring modularity and code reusability.
- Implemented advanced features for the seller dashboard, including inventory management, sales analytics, and order tracking.
- Enhanced the buyer application with personalized shopping experiences, improved search functionality, and streamlined checkout processes.
- ensuring seamless integration and consistent user experience across both applications.

EDUCATION

Bachelor degree in Geographic information systems
Beni Suef University, Egypt

📅 September 2018 – September 2022

SKILLS & TECHS

HTML   Css   Javascript   Typescript
